

GMSI RESELLER PROGRAM

Generate New Revenue Streams and Augment Your Product Line When You Become a Reseller of GMSI Email Services!

Take advantage of the exploding Hosted eMail Market and generate new revenue streams when you resell GMSI eMail services under your brand name. Recognize larger profits. Add value to your product line. Increase customer loyalty. And take advantage of a no risk, no capital outlay proposition.

About the Reseller Program

As a GMSI reseller, you will be authorized to purchase GMSI services at a significantly reduced price and re-sell them to your customers and/or business partners at a price that generates profits for you. Instantly and without making a capital investment, you can add the following fully-featured and highly reliable hosted eMail and gateway security services to your product line:

- Hosted eMail Services
 - Integrated Virus & SPAM protection
 - POP, IMAP, SMTP, Webmail & Wireless access
 - Easy-to-use online, administrative tool
- eMail Perimeter AV/SPAM Disaster Recovery Gateway
 - Provides a cost-effective and critical layer of redundancy to protect against eMail data loss, viruses, spam and eMail security attacks.
