**GLOBAL MESSAGING SOLUTIONS, INC. ANNOUNCES IMMEDIATE  
AVAILABILITY OF ITS 2<sup>nd</sup> GENERATION E-MAIL BACKUP SOLUTION**

*Innovative Messaging Service Provider Protects Companies from E-Mail Problems*

**OVERLAND PARK, KANSAS** (March 12<sup>th</sup>, 2003) -- Global Messaging Solutions, Inc. (GMSI) today announced that its 2<sup>nd</sup> generation E-Mail Store & Forward/Mail Relay service is immediately available.

Each day, hundreds of thousands of E-Mails are lost or bounced back to their sender due to server problems, Internet connectivity issues, etc. Having your client's or partner's E-Mail sent to you to only be lost or bounced back to them causes a negative image of your organization. Not to mention the potential loss of timely critical information. GMSI's Store & Forward/Mail Relay service solves this problem easily and cost effectively. No hardware or software is necessary and GMSI manages the services 24/7.

"Our solid Store & Forward/Mail Relay solution protects organizations from missing critical E-Mails. It also protects organizations from a negative image with their clients and partners," stated William J. Brunkhardt, Chief Executive Officer of GMSI. "In a world where instant communication is of the utmost priority, GMSI's solutions exceed the stringent messaging demands of businesses worldwide. Our 2<sup>nd</sup> generation Store & Forward/Mail Relay solution is no exception."

Global Messaging Solutions, Inc. is an innovative MSP (Messaging Service Provider) based in Overland Park, Kansas that provides enterprise-class E-Mail and messaging services to ISPs, ASPs, CLECs, web portals, telecommunication carriers, wireless carriers and other businesses and organizations. For more information, or to contact GMSI, please visit the company's website at <http://www.gmsi1.com> or call +1.913.338.3000.
